

BIODE

THE REAL BIODEGRADABLE PLASTIC!

made in Brazil

OPEN LETTER TO THE PLANET

BIODE IS THE REAL BIODEGRADABLE STRAW! AND DO YOU KNOW WHY??
SO LET'S GO! **BIODE**'S RAW MATERIAL IS STARCH, AND IN ITS QUICK
DEGRADATION PROCESS, TURNS INTO WATER AND CO2!! CAN YOU BELIEVE ON IT?! **BIODE** DOESN'T NEED
ANY SPECIFIC ENVIRONMENT FOR THIS PROCESS, IT DOES IT ALL BY ITSELF!!
DO YOU REMEMBER THAT SAD IMAGE OF THE TURTLE WITH THE STRAW IN ITS NOSE?! SO IT IS...
WITH **BIODE** THIS SCENE WILL NO LONGER EXIST. HUH?! BUT YOU WILL ASK YOURSELF:
BUT AS LONG AS THE STRAW DOESN'T DEGRADE, END UP BUMPING INTO THE
TURTLE OVER THERE!!!? KEEP CALM!! BECAUSE AS **BIODE** COMES FROM
RENEWABLE MATERIALS, DURING ITS DEGRADATION, IT TURNS INTO
FOOD FOR OUR BELOVED ANIMALS AND NUTRIENTS
FOR OUR DEAR SOIL.

BIODE

Our purpose
is re
reduce
& recover

Our Products

100% REALLY BIODEGRADABLE!

THE RAW MATERIAL USED BY **BIODE** IT'S THE STARCH

IN ITS RAPID DEGRADATION PROCESS,

TURNS INTO EM **CO₂** E WATER! !

AND DO IT ALL ALONE!

25 STRAWS

500 STRAWS

Straw made of biodegradable polymer ASTM standard D6003-96, based on cassava and biodegradable polymer.

100 STRAWS

BIODE
